

TEST Engineer (Trainee) - AUTOMOTIVE (M/F/D)

Locations: Major cities in South-West Germany

You have finished your university or will shortly finish your studies and are looking for your first regular work experience? Boost up your career with us! We support, advise, solve problems, create innovations, and are therefore a competent development partner for renowned national and international customers, all German OEM's as well as the TIER1 Suppliers. The **ALLEN Group** is one of Europe's leading engineering service provider. Integrated into this international network, we offer you challenging tasks, like participating in the development of an autonomous vehicle Level 5, and the chance to experience variety. Right now, we are looking for up to 50 employees for innovative projects within **AUTOMOTIVE ADAS, Infotainment Systems or E-Mobility**.

Your job:

- As a Trainee Test Engineer (m/f) you will be introduced within your Testenvironment at Alten and will be responsible for definition, distribution and performance of system tests along with project plans for vehicles
- Definition of test strategies and procedures for basic software
- Management and follow up of defects
- Interface with German premium Automotive OEM and Suppliers

Your profile:

- University degree in Electronics or Automotive
- Knowledge in programming languages like C/C# and Python
- AUTOSAR is a plus
- Knowledge in Hardware in the Loop testing is a plus
- Passion for Automotive
- Good English spoken and written is required, knowledge of German desirable

We offer:

- Permanent contract - Attractive remuneration - Relocation package - Modern & international company culture
- Open company mindset (friendly staff, regular personalized feedback, pragmatic working environment, reachable management) - Work at one of the employers with the certificate "Top Employer"
- Free German or English courses in the office - Drinks, sweets and fruits services in our offices
- Our Welcome Day and the ALLEN Welcome Booklet are parts of our onboarding-program. Your supervisor will support you and answer all your questions.
- You will get the possibility to stay with us after your Traineeship Programm with a full and permanent contract
