

# iOS Developer

Warsaw, Poland

## Job brief

We are looking for an experienced iOS Developer to join our International agency and work with our Global client base.

As a talented iOS Developer with a passion for software development, it is essential that you have proven commercial experience with OO (Object Orientated) design and programming skills in Objective-C, and have expertise in iOS SDK (UIKit, Cocoa Touch, Core Data, Core Location), and xcode. You will also be able to demonstrate knowledge with RESTful web services, XML, and JSON data format.

The ideal candidate will also have an analytical mindset and a keen eye for detail. The goal is to write “clean” and flawless code to produce fully functional software applications according to requirements.

## Responsibilities

- Understand client requirements and how they translate in application features
- Collaborate with other members of the development team to set specifications for new applications
- Design creative prototypes according to specifications
- Write high quality source code to program complete applications within deadlines
- Perform unit and integration testing before launch
- Conduct functional and non-functional testing
- Troubleshoot and debug applications
- Evaluate existing applications to reprogram, update and add new features
- Develop technical documents and handbooks to accurately represent application design and code

## Requirements

- Proven experience as application developer
- Experience in designing and building applications
- A team player with excellent communication skills
- Analytical thinking and problem-solving capability
- Great attention to detail and time-management skills
- Must be able to communicate proficiently in English at Level C1

**We offer**

- Work in international team
- Learning from other experts
- Working in a friendly and relaxed atmosphere
- Competitive salary adequate to your skills and performance
- International travel for projects

If you are interested in this role, please send your CV in English at [natalia.fujarczuk@toolboxgroup.global](mailto:natalia.fujarczuk@toolboxgroup.global).

Please add to the application the following clause: "I hereby give consent for my personal data to be processed for the purposes of recruitment, in accordance with the Personal Data Protection Act dated 29.08.1997 (uniform text: Journal of Laws of the Republic of Poland 2014, item 1182 with further amendments)."

Please be informed that we will contact only selected candidates.
