

## Junior Test Engineer

### Who we are

We are an award-winning innovative FinTech firm with a passion for Artificial Intelligence. We are working with a number of large international banks like Standard Chartered Bank, OCBC Bank and other to give them powerful tools to combat Money Laundering and Terrorist Financing. Our innovation has brought us the support of leading Venture Capital Funds from Silicon Valley and Singapore.

### Who are we looking for

Capitalizing on our success, we are growing our multi-talented team bigger and stronger, and today we are looking for a motivated **Junior Test Engineer** who will support our development team in delivering reliable and “bullet-proof” software and will be a key player of the QA process.

### Tasks include:

- Design and maintain test cases and write test specifications
- Contribute to quality plan and test plan
- Perform manual and automated tests based on the test specification
- Contribute to project documentation
- Use the top of the line tools: track your Scrum stories in JIRA, keep your code and merge requests in GitLab, use Jenkins for automated building and testing, analyse code with SonarQube and keep artifacts in Artifactory

### Requirements:

- 0-3 years' experience in software testing
- Knowledge of one or more of Java, Python, JavaScript
- Logical thinking and good analytical skills
- Ability to learn quickly and communicate clearly
- Basic knowledge of databases and SQL
- Fluency (verbal and written) in English and Polish

### We offer:

- Have an actual impact on how biggest banks around the world are stopping money laundering and terrorism financing activities!
- Be a part of a really strong team that values professionalism and quality and gives the opportunity of sharing knowledge and best practices
- Work however you like: from the office (cowork in your town/city) or home office (remote work)
- Benefit from the attractive Employee Stock Ownership Plan

- Improve your language skills through organised Business English courses and have real opportunity to use this language on a daily basis
- Take part in regular get-togethers, including seasonal parties, international meetings etc.

**To apply\***, send your CV/Resume to [cv@silenteight.com](mailto:cv@silenteight.com) with the title “Junior Test Engineer – Poland”.
