

Node.js Developer (Warsaw)

Prosta 70, Warsaw, Masovian Voivodeship, Poland

With nearly a thousand new businesses and entrepreneurs joining **Instapage** daily, we're the fastest-growing landing page platform online. We're on a mission to make digital advertising more relevant and meaningful for everyone. We're obsessed with simplicity and data-driven decision-making.

Our product is powerful landing page platform with advance page builder. It has integrations with today's most popular CRMs, marketing automation platforms and more. The increase of conversion rates is possible because of ours A/B tests, heat maps and matching site message by visitors source. We can also measure effectiveness of marketing campains with detail statistics. It is all packed in one system which enables our customers to real-time collaboration.

As our Node.js Developer you will be responsible for:

- Research and prototyping of new micro-services
- Development of application's API
- Development of our system monitoring, stats systems, 3rd party integrations
- Adding new integrations to the system: API & user-side
- Cloud Services research

What We are looking for:

- Extensive knowledge in Javascript
- Good knowledge of Node.js and Express
- Good knowledge of Angular
- Good knowledge of English (you will be working with our team from USA, Romania on a daily basis + documentation)
- Knowledge of ES6, Gulp, webpack and SCRUM methodology will be an additional asset
- Bonus points for knowledge of Docker, Kubernetes, Google Cloud Platform or AWS

Your coming benefits:

- Work in a real startup from the Silicon Valley where your ideas matter and where you can have real influence on our products
- Office located in city center, near the M2 metro line
- Shared equity ownership
- Office Exchange program after one year to one of our offices (San Francisco, California or Timisoara, Romania)
- Work in an environment of transparency with lots of exposure to senior management
- Yearly conference/workshop budget
- Flexible working hours
- Social room filled with snacks, fresh fruits and table football
- Multisport card, private health insurance and group life insurance
- Team lunches and breakfasts once a week
- Frequent company events
